# Tri-Boro Mezzanines

**Gates** A choice of gates gives flexibility to your mezzanine design.

## Decks

2" galvanized open steel planking

1 1/2" steel deck with plywood, OSB or composite resin board

Open steel bar grating

Diamond plate with 1 1/2" steel deck

**Handrails** Our handrail is one of the most innovative on the market. The continuous handrail is easily cut to size and reattached without welding, and the handrail post design eliminates the need for notching the deck surface on installation.

Standard handrails are available in 2-rail or 3-rail designs with kick plate. Welded mesh or expanded metal handrails are available as an option to meet special code requirements or application.

Triboro handrails and staircases meet your code:

- BOCA
- Building Officials and Code Administrations
- IBC
- International Building Code
- OSHA
- Occupational Safety and Health Administration
- UBC
- Uniform Building Code
- CNBC
- Canadian National Building Code
